

## SPECIFICATION FOR NEOPRENE MATS

	4500/1.0	4500/1.2	4500/1.4
<b>Size</b>	100 x 100 cm	120 x 120 cm	140 x 140 cm
<b>Thickness</b>	2 mm nominal	2 mm nominal	2 mm nominal
<b>Colour</b>	Black	Black	Black
<b>Pack Quantity</b>	1	1	1
<b>Pack Wt (gross)</b>	2.9 kg	4.0 kg	10.8 kg
<b>Pack Size</b>	45 x 32 x 7 cm	45 x 37 x 7 cm	45 x 41 x 7 cm

**Composition:** Neoprene/SBR rubber, 60deg SH.

**Properties:** Lightweight, good flexibility.

**Specific Gravity:** 1.4

**Compatibility:** Neoprene/SBR composition ensures good resistance to a wide range of oils, solvents and aqueous chemicals over short- to medium-term exposure. Full details available on request.

**Shelf Life:** The product will remain suitable for use for several years if washed after use and stored with reasonable care in normal ambient conditions.  
However, if left folded for very long periods (especially under weight) the rubber may take a partial 'set' and be difficult to flatten for several minutes when first deployed.  
We advise that regular inspection be carried out to ensure that the condition and flexibility of the product remain suitable for use.

**Safety Data:** Further technical advice is available if required.

**Disposal:** After use care should be taken if disposing-of the product by incineration as toxic gases may be produced.

**Note:** All weights, dimensions, and other figures quoted are approximate.
