Description: With a unique compressible front our pallet converters allow you to turn a standard wooden or plastic pallet into a bunded pallet.
 Simply lower a standard pallet onto the pallet converter using a forklift truck and when the forks are withdrawn the compression front returns to normal height creating the bund.

Compatibility: Broad range chemical compatibility.

Safety Data: Further technical advice is available if required.

Note: You will require an appropriate size/capacity fork lift truck to offload this item from the delivery vehicle. Our standard delivery doesn't include any offloading.
